Therefore UWP devised a new high school 5k course which is named the JR5K. It is basically the 4K course until just before the 2M mark. It then follows the regular 5K course in reverse and finishes like the 4K/8K. The seven regular season high school meets this season, including the D1 Sectional, will be run on the new JR5K course

A countdown clock is located behind the starting line. Split clocks at the 1M, 2M & 3M marks.

Once the races have started, warm-ups on the course are limited to following the race in progress. You may not warm-up randomly on the course during the race in progress
